Dear Highland Band Supporter,

On behalf of the Highland band program, I hope that you are enjoying your summer. We are currently seeking funds to supplement our operating costs that will be incurred during our 2017-18 season. Our band program currently consists of an award-winning marching band, two performing concert groups, a percussion ensemble, jazz band, and pep band. While the school district provides us with a basic operating budget, the funds they are able to supply only covers about 10% of the basic cost to run these rewarding programs for our students.

We have asked each of our student musicians to seek sponsorships from individuals, families and local businesses to help keep these music programs in our communities. We at Highland believe in music as a service to our community and with your generous donation or sponsorship we will 'pay it forward' by sharing our excellent musical happenings and continuing our ongoing community service projects.

Please look over the following options and consider sponsoring us if you are able. We are truly grateful for the value you place in our program. See you throughout the year at our events!

Andrew Wilson, Director of Bands-Highland High School
